

Call for expression of interest for tenure-track position in physics

The Physics Department at Instituto Superior Técnico invites expressions of interest for tenure-track positions. Preference will be given to applicants at the Assistant Professor level.

Highly qualified candidates with a strong research background in the following fields: condensed matter and nanotechnology, particle and nuclear physics, astrophysics and gravitation, are encouraged to apply. The Institute is particularly interested in (potential) leaders of research groups in the above fields.

Candidates must have an excellent record of publications, a clear potential to promote and lead research activities, and a specific interest in teaching at the postgraduate level to skilled students recruited internationally.

APPLICATIONS

Applicants should submit their expression of interest by sending (in a single pdf document)

- a motivation letter (max 2 pages).
- a curriculum vitae (max 2 pages)
- a selection of up to 10 (ten) relevant publications or scientific contributions in the last 5 (five) years, detailing the candidate's contribution (max 2 pages).
- contact (including email address) of three researchers or professionals who can be contacted to provide reference letters, attesting to the scientific, pedagogical, and professional qualities of the possible candidate.
- a brief research statement (max 2 pages).

Applications or questions must be submitted in electronic form, **by September 30 2022**, to (message subject should be: "Tenure-track Position DF")

Prof. Vítor Cardoso, Chair of Physics Department, physics@tecnico.ulisboa.pt

NB: Please note that this announcement is not a guarantee of an opening of a permanent position. The expressions of interest received will contribute to the decision of the Physics Department whether or not to open official calls.
